

## AGM Education Report

2 clinics held in 2010

January 24, 2010 Elaine Potter riding clinic

- 6 riders and approximately 50 auditors
- Very educational day where riders were warmed up by Elaine, then rode a dressage test which Elaine judged out loud. Feedback was provided, then the test was ridden and judged out loud again.
- Auditor level difficult to determine as record keeping was limited.
- Costs fairly high. Clinic covered costs.
- Successful clinic from participant feedback.

March 21, 2010 Ashleigh Eccles and Karen McEwen Equine Facilitated Therapy and Wellness clinic

- Approximately 40 people attended. Again, auditor level difficult to determine due to limited record keeping.
- Costs fairly high, clinic didn't quite cover costs.
- Rave reviews from participants for a very successful day.

First Aid clinic was scheduled, but insufficiently advertised so cancelled due to lack of interest.
